SUSTAINABLE AGRICULTURAL MECHANIZATION HIRE SERVICES AS A BUSINESS ENTERPRISE

Abstract:

This Training Aid booklet compliments learning from the “Hire Services as a Business Enterprise, a Training Manual for Small-Scale Mechanization Service Providers” published by the Food and Agriculture Organization of the United Nations (FAO) and the International Maize and Wheat Improvement Centre (CIMMYT) in 2018. The learning approach places huge emphasis on the technical and the management aspects of the small scale mechanization business and better their understanding of Conservation Agriculture technologies and other climate smart practices.
